Changing Diapers ☀️ Changing Lives

Current Diaper Needs

Nebraska Diaper Bank provides diapers to partners based on the number of children our partners serve. This requires that the partner will ensure that a Client Distribution Form is completed on each child by the parent or guardian. The data from this form will be entered into Nebraska Diaper Bank’s online database for each client serviced by your organization. All information will be kept in a secure manner and not released to any external organization other than in aggregate for grant writing and audit purposes. To estimate your organization’s diaper needs, please complete the following table for your current clients. Upon approval of your application, we will review your needs, including future projections, to determine if we can supply your organization and at what level.

Please complete the table below for the number of children your organization serves on a monthly basis. Write in the number of children for each diaper size needed. Each child will receive a maximum number of diapers per child as set by Nebraska Diaper Bank.

Newborn: _____ Size 1: _____ Size 2: _____ Size 3: _____

Size 4: _____ Size 5: _____ Size 6: _____
